

Omca ART 650/A Bevelling Machine

Stock Code: 17300

The Omca ART 650/A Beveller 415V specialist range of bevelling machines are manufactured in Italy to the highest standards of quality. These machines have proven both popular in the demanding welding and fabrication environment as well as for students at schools and colleges carrying out weld preparation tasks. The bench and portable models are supplied with large diameter milling cutters and can easily create a chamfer up to its maximum capacity in one pass.

Features

- Powerful three phase motor.
- 70mm diameter milling cutters with twelve inserts.
- Fast bevelling of steel plates in one pass.
- Micrometric bevel depth adjustment.

Technical Specification

MODEL	ART 650/A
Max bevel width @ 45° mm	10
Bevelling angle range °	45
Table length mm	500
Motor kW	0.56
Length mm	500
Width mm	300
Height mm	500
Weight kg	52

Options

- Device for external bevelling of pipes. ART 790 – STOCK CODE 17304
