

Promotech PRO-60 HP Hydraulic Portable Punching Machine

Stock Code: 16550

The Promotech portable punching machines are ideal for the punching of I beams that are too large and heavy to be processed with fixed steelworkers and punching machines. There are also considerable time savings and consumable cost savings compared to traditional magnetic drilling machines as well as the advantage of being able to punch square and slot holes.

Features

- Fast clean punching of holes
- Almost noiseless operation
- Double action fully automated punching and return
- Intelligent control system with inching capability and automatic load detection
- Adjustable depth stop
- 5M hydraulic hose
- Wide range of punches and dies available in round, square and slot

Options

- Bench top stand
- Foot pedal control
- Hoist set with adjustable height and balancer
- Beam slide with adjustable depth

Technical Specification

MODEL	PRO-60 HP
Rated capacity tonnes	35
Max capacities mm	27 x 13
Max punching thickness mm	13
Punching stroke mm	80
Throat depth mm	60
Weight kg	20
Punching time sec	5
Return time sec	2
