

Promotech PRO-110 HP Hydraulic Portable Punching Machine

Stock Code: 16551

The Promotech portable punching machines are ideal for the punching of I beams that are too large and heavy to be processed with fixed steelworkers and punching machines. There are also considerable time savings and consumable cost savings compared to traditional magnetic drilling machines as well as the advantage of being able to punch square and slot holes.

Features

- Fast clean punching of holes
- Almost noiseless operation
- Double action fully automated punching and return
- Intelligent control system with inching capability and automatic load detection
- Adjustable depth stop
- 5M hydraulic hose
- Wide range of punches and dies available in round, square and slot

Options

- Bench top stand
- Foot pedal control
- Hoist set with adjustable height and balancer
- Beam slide with adjustable depth

Technical Specification

MODEL	PRO-110 HP
Rated capacity tonnes	47
Max capacities mm	27 x 16
Max punching thickness mm	16
Punching stroke mm	25
Throat depth mm	110
Weight kg	35
Punching time sec	8
Return time sec	2
