

Kepp 75S High Speed Belt Grinding Machine

Stock Code: 17010

The metal removal rate of the Kepp belt grinding machines is phenomenal with a grinding power over fifteen times traditional stone grinders. These powerful machines can radius heavy plate and bar in one operation, avoiding the need to crop or burn the required profile prior to dressing. A 50mm radius in 12mm steel plate is achieved in ten seconds. They have an endless variety of applications for Fabricators, Blacksmiths and many others in the metalworking industry.

Features

- Brake motor
- Extremely powerful grinding performance.
- Highly rigid construction.
- Quick change belt system.
- Adjustable working height.
- Available in 3" and 6" belt widths.
- Eye protection.
- Emergency stop button.
- Dust collection box.

Options

- Optional 240V model (Stock code: 17014)

Technical Specification

MODEL	75S
Motor kW	3
Belt speed m/sec	37
Belt size mm	75 x 2000
Length mm	1000
Width mm	460
Height mm	1000
Weight kg	85
