

Memoli ETM 89 Rotary Tube Bending Machine

Stock Code: 21340

The memoli range of bending machines manufactured in Italy, have been designed for high quality tube bending. Formers for bending metric tube and 'gas' pipes are readily available together with guide rollers and counterformers. Three models are available with tube bending capacities of up to 60mm, 76mm and 88.9mm, all with programmers for high efficiency production bending.

Features

- Heavy duty construction
- Excellent bend quality
- Quick release guide block
- Programmer with 40 memories with up to 5 bends per programme
- Pre-bending facility
- Complete tooling service
- Gear reduction in oil bath

Technical Specification

MODEL	ETM 89
Capacity (mild steel) mm	88.9 x 4
Max bending angle	180°
Motor kW	-
Programs	40
Bends / Program	5
Length mm	850
Width mm	680
Height mm	980
Weight kg	350
