

Morgan Rushworth RFF 7/1.6 Rollforming & Flanging Machine

Stock Code: M7003

The Morgan Rushworth range of heavy duty Rollforming and flanging machinery are designed to join straight or curved sheet metal material.

Full range of tooling is available to achieve the various connection methods required, including the ingenious snap lock system for valuable time saving right angle joins.

Features

- Type A Pittsburgh rolls fitted as standard
- Fast straight forming in one pass
- Available in 1.0mm and 1.6mm capacities
- Auxiliary drive shafts fitted to accept optional rolls
- Flanging unit, forming roll Type J, fitted to the top of the machine in order to perform radius joins

Technical Specification

MODEL	RFF 7/1.6
No of stations	7
Forming speed m/min	5
Motor kW	1.5
Length mm	1460
Width mm	620
Height mm	1130
Weight kg	280
