

Sterling STC 560 HA NC Twin Column NC Automatic Bandsaw

Stock Code: 15174

The Sterling range of heavy duty bandsaws follow the traditional pattern of manual, semi-automatic and fully automatic models. The STC models are of highly rigid twin column design and include options of both straight cutting and mitring models with capacities ranging from 320mm round up to a huge 1100mm round. Models with inclined blades and mitring head configuration, particularly suited to structural work, are available. These include digital angle display and even powered mitring capability. All variations are finished to an exceptional standard and are constructed for a long working life.

Features

- Heavy duty twin column rigidity with linear guidance bearing
- Fully automatic cutting cycle with multi-pass hydraulic vice
- Hydraulic cutting with variable pressure
- Variable blade speed 20-100 m/min
- User friendly control panel with NC control
- Blade tension indicator

Options

- Laser cutting line
- Spraymist lubrication
- Hydraulic blade tension
- Hydraulic top clamping for bundle cutting
- Variable vice pressure
- Chip conveyor
- Roller track & measuring systems

Technical Specification

MODEL	STC 560 HA NC
Capacity	90°
- Round mm	560
- Square mm	560
- Rectangular mm	600 x 560
Blade Size mm	6000 x 41 x 1.3
Cutting Speed m/min	20 - 100
Motor Kw	4
Length mm	3500
Width mm	2200
Height mm	2050
Weight Kg	2500
Operation	Vice Feed Automatic
Vice	Hydraulic
